

January 11, 1918.

Columbia River Packers Association,  
Astoria, Oregon.

Gentlemen:

Your report of fishery operations at Nushagak, Alaska, shows that you pickled 12 barrels of coho salmon, valued at \$540, or an average of \$45 per barrel. Please advise as to the correctness of that valuation.

Very truly yours,

H. M. Smith

Commissioner.

ASTORIA, ORE. January 18, 1918

Mr. H. M. Smith,

Commissioner of Fisheries,

Washington, D. C.

Dear Sir:

Answering your letter of the 11th inst., would state that we put up at Nushagak, for our own use there, 12 barrels of Coho salmon, mild cured. As these were 200 lb. barrels, a value of 45.00 per bbl. is much too high, and we would ask you to change our report to read "value \$240.00", or \$20. per bbl.

We thank you for calling this to our attention.

Yours respectfully,  
COLUMBIA RIVER PACKERS ASSOCIATION.

*Tom. Horton* Nushagak Supt.
